

CERTIFICATE

The company

DYKON A/S
Kongsbjerg 15
6640 Lunderskov

only uses feathers and down as filling
that have been checked by a sanitary laboratory.
The company is therefore entitled to use the following label:

Downafresh[®]
greenLine

This trademark
of the Association of the European Bedfeather and Bedding Industries documents
that the filling has been thoroughly washed with water
and that it has been dried at a minimum temperature of 100°C.
Gentle processing ensures that the material maintains its natural properties,
and it fulfils the hygienic specifications of the European standard EN 12935.

This certificate is valid until 7 January 2025
